Company Profile

Mr. P. Sivaramakrishnan
(Founder & CEO)

A seasoned and committed entrepreneur started his journey in 1982 by getting involved with the launch and production of the premium domestic brand PROLINE, India. Getting to know the finer details of hosiery in the short stint between 1983 to 1985, took the leap and started his own venture Esquire India. Initially started business with UK and steadily expanded contacts and business association with Poland, Italy, Germany & Sweden.

We strive to be a global leader in fashion, both in knits and woven by empowering innovation and design to provide total customer satisfaction.

Factory Setup

CAD Department

We have a well-equipped CAD department (powered by Gerber AccuMark V13) with very well trained executives to handle all category of garments. This is to develop the new samples and to save our precious time. We always make sure that we have the latest software Version of Gerber and make it a point to update the software as and when it is launched.

AccuMark 3D (FROM GERBER TECHNOLOGY-USA)

Generate virtual samples Traditional sample creation involves time-consuming manual fittings and re-fittings. AccuMark 3D is an integrated solution that enables sample departments to create more styles in less time. Export images and 360-degree turntable to share with partners and team members. Accelerate development time AccuMark 3D reduces your time to market and reduces costly sample remakes by consistently providing true-to-life digital renderings of your design from concept to the finished product.
